You are receiving this statement because you have an escrow account with us. We have safeguards in place to ensure there is enough money in your account to cover your homeowners insurance, real estate taxes and mortgage insurance, if applicable. However, changes in your taxes and insurance could result in a shortage or surplus in your escrow account.

Based on our most recent analysis, you have a shortage of \$624.55 in your escrow account. This shortage likely was caused by changes in your taxes and/or insurance. A shortage may also result if full monthly escrow payments have not been made to your account. To see these changes, refer to Part 2. We will automatically spread the shortage amount over 12 months of future monthly escrow payments.

Projected Minimum Balance	\$3,587.64
- Required Minimum Balance	\$1,265.38
Shortage Amount	\$624.55

The required minimum balance is also known as the escrow cushion. The required minimum balance or escrow cushion is the amount that you are required to pay into your escrow account to cover unanticipated disbursements for escrow items or for disbursements that have to be made before the monthly escrow payments are available in your escrow account.

Part 1 provides your current and the new escrow payment amounts. Part 2 shows what has already happened in your account while Part 3 shows what we anticipate happening in your account over the next 12 months. As escrow items are subject to change each year, the amounts in Part 3 are only estimates.
